

Personal Message from Mom written in her last hours and read at her Memorial service:

*I know of no words to express the depth of my appreciation for all the love and kindness shown, cards, letters, phone calls, visits, holding my hand, food for caregivers, reflexology treatments, prayers, flowers, and hugs from grandchildren and great grandchildren.*

*I love all of you very much. Please keep the love for Jehovah in your hearts. Be strong and courageous, endure to the end. I want to see you in paradise.*

*You have demonstrated the love Jesus said would identify his true followers. I thank you. Especially my wonderful, fantastic family who have made many sacrifices for me.*

*We await the greeting of all loved ones temporarily taken away by the enemy death. Bro. Howe, minister, husband, father, grandfather.*

*Till we meet again in Paradise!*

*Love, Love, Love*
